Find Something in Common

What this means is that you and your friend find something that you both like. This could be similar interests. For example, you may be friends with someone you play baseball with because what you have in common is that you both like to play baseball. Or, you and another friend both like to collect the same item. Maybe you and other friends like to same music, or the same video games.

Can you think of other ways that you can find something in common with other friends? Write it down:
